

June 21, 2006

Dear Reader,

Montana Fish, Wildlife and Parks have developed an environmental assessment (EA) to address the proposed electrification of Camp Loops and Upgrade of the Water System at Hell Creek State Park.

The proposed area of construction consists of 1.5 acres located within the main campground area of Hell Creek State Park. The area is owned by the Army Corps of Engineers and leased to Montana Fish, Wildlife and Parks.

The proposed project includes: Electrification of the main camp loops and upgraded maintenance to the existing water system. The proposed project is predicted to begin in September of 2006 and completion is scheduled for November of 2006.

The project is needed to meet the public's needs, requests and or expectations.

Comments are due on or before July 26, 2006 and can be submitted to:

Montana Fish, Wildlife & Parks
Cathy Stewart: Parks Division
